### 3. JavaScript Essential Training Certificate

### 4. Grading

**My preference of target grade: HD**

|      |  |
|------|--|
| ULO1 | Explain cloud-native architectures and discuss benefits for using this approach to a range of audiences. |
|------|--|

**For ULO1, I have had a clear understanding of the functions, benefits, pattern and principles of the cloud-native architecture after week 2 lecture and some related information searching. For now, I can explain these concepts to the audience.**

|      |   |
|------|---|
| ULO2 | Analyse scenarios and design, develop, deploy, monitor, and manage cloud-native solutions that meet stakeholder requirements. |
|------|---|

**For ULO2, I have used AWS for getting and posting information with the use of “get” and “post” method and have used postman to monitor the condition of the “get” and “post” method.**

|      |   |
|------|---|
| ULO3 | Review cloud-native application designs and implementations, and propose strategies to improve their performance. |
|------|---|

For ULO3, I am further learning the cloud-native application designs and implementations and in the future will have a try on proposing strategies to improve their performance.
